

2025

**THE YEAR EVERYTHING BEGINS TO
CHANGE**

Pluto --> Aquarius	11/19/2024						
Neptune --> Aries	3/30/2025		Neptune --> Pisces	10/22/2025		Neptune --> Aries	1/26/2026
Saturn --> Aries	5/24/2025		Saturn --> Pisces	9/1/2025		Saturn --> Aries	2/11/2026
Jupiter --> Cancer	6/9/2025						
Uranus --> Gemini	7/7/2025		Uranus --> Taurus	11/7/2025		Uranus --> Gemini	4/25/2026

In the 9-month period from November 2024 through July 2025, the planets Jupiter, Saturn, Uranus, Neptune, and Pluto all change signs. For so many outer planets to change signs in such a short period of time is unprecedented!

Most of the planets will change from earth and water signs to air and fire signs. This signifies a shift from inner thoughts and feelings to outer, more extraverted actions and expressions.

In the fall, there will be a brief retreat back into earth and water signs for Saturn, Uranus, and Neptune, but they will return to fire and air in the spring.

One of the more important sign changes is the transition of both Saturn and Neptune from Pisces into Aries. This signifies a shift from dreaming about what you want to do to actually doing it.

There will be a near-conjunction of these two planets (1 degree orb) that lasts from June through August and an exact conjunction that will impact all of the month of February 2026.

Saturn creates structures while Neptune dissolves structures. Consequently, both new beliefs and political ideologies and new forms of art often emerge during these conjunctions.

Additionally, since the conjunction is in Aries, we might expect more shifts away from organized religion to individual spirituality.

The 2026 exact conjunction of Saturn and Neptune will occur near the very start of the Zodiac, and that means that we are looking at an unfathomably long cycle from one Saturn/Neptune conjunction at the start of the Zodiac to another Saturn/Neptune conjunction at the start of the Zodiac. In other words, what we'll see in 2025 is just the beginning of a huge shift that will be firmly underway in 2026.

Russia and America will both likely be impacted in 2025 and 2026 by Saturn conjunct Neptune.

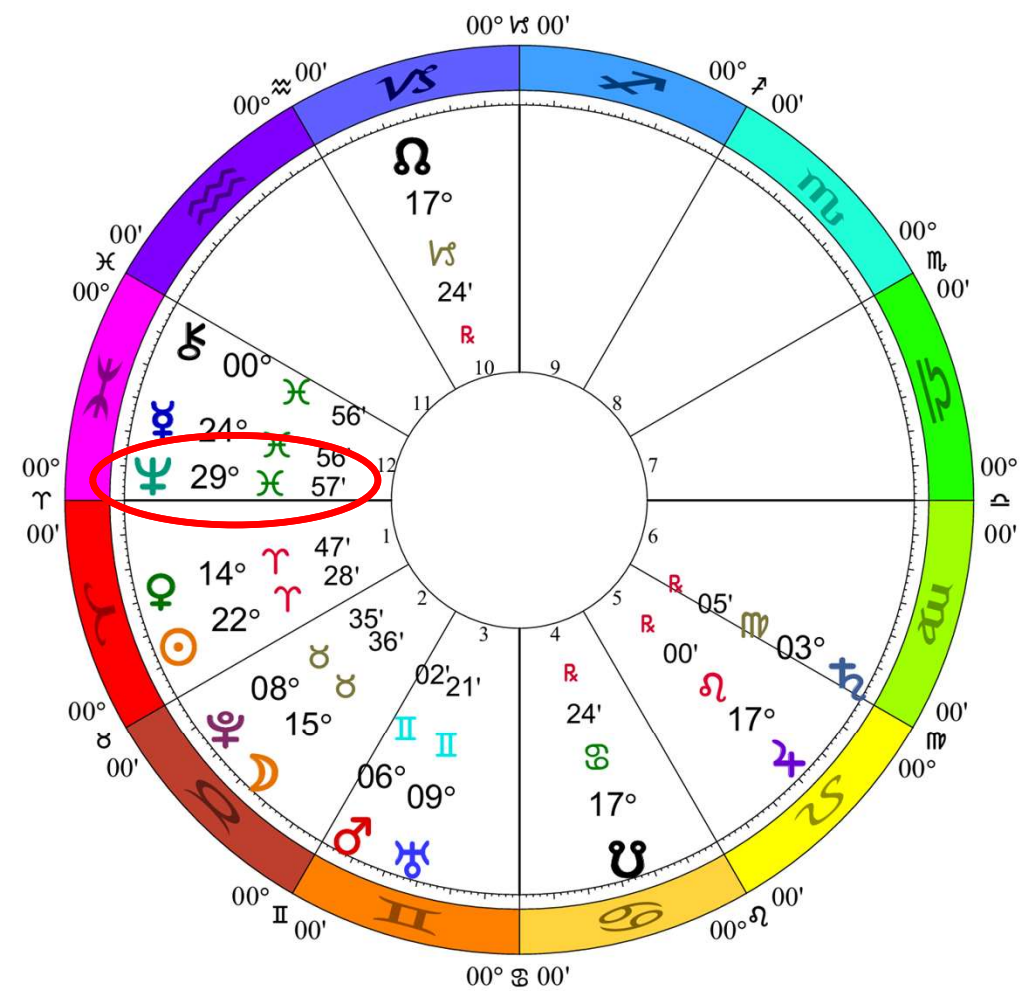

Russia because they have a long history of major changes during these conjunctions, and also because Putin was born with Saturn conjunct Neptune.

America because in its solar arc progressed chart for 2025, solar arc Neptune is sesquiquadrate natal Saturn and solar arc Saturn is square natal Neptune.

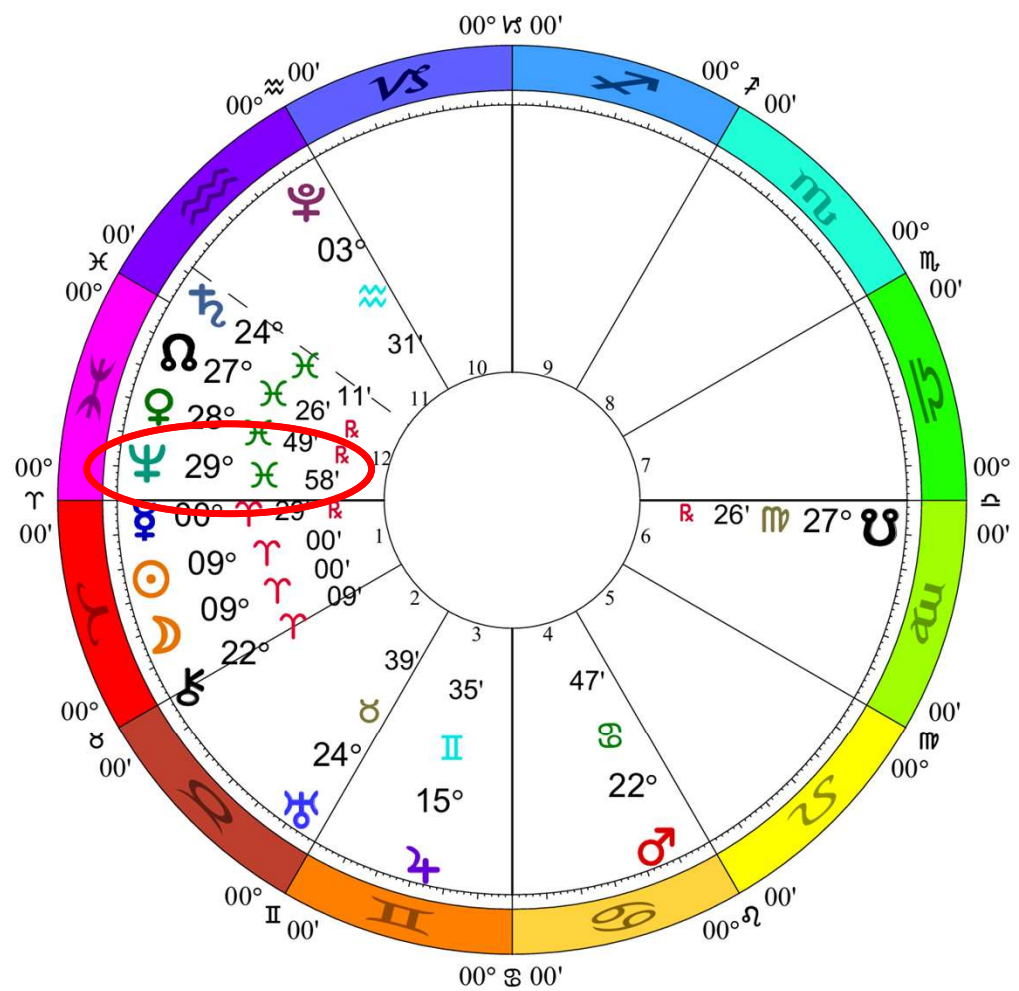

Another reason America will be impacted is because the last time Netpune went into Aries was the day after the outbreak of the American Civil War.

And as Mark Twain is alleged to have said, “History doesn’t repeat itself, but it often rhymes.”

The Saturn/Neptune conjunction in Aries may turn out more positively for Russia and America this time. This is because there is a brief window of time in mid-August when Saturn, Uranus, Neptune, and Pluto will all come together to form a mini-grand trine with all of the aspects within a 1 degree orb of being exact. And using larger orbs, a Uranus-Neptune-Pluto mini-grand trine will dominate the summer and early fall of 2025.

These harmonious aspects will help turn what could be detrimental conditions into more beneficial dynamic displays of change.
