

**THE LUNAR MONTH FOR THE
WORLD, AMERICA, AND
TRUMP**

APRIL 17 – MAY 16

Summary:

World

- This lunar month continues with Saturn conjunct Neptune, and **the world will continue to move toward a New World Order.** (Saturn conjunct Neptune)
- For the first couple of weeks, though, beneficial aspects from Mars and Saturn will help things progress more smoothly, (Mars trine Jupiter, Saturn sextile Pluto)
- However, as Mars moves into conjunction with Saturn and Neptune **in the last week of the lunar month, force may be used to implement change.** (Mars conjunct Saturn/Neptune)
- **Frequent tense aspects** sprinkled throughout the month coupled with Saturn crossing the celestial equator **will create almost continual unrest and alertness.** (Saturn moves from southern to northern declination, see also the slide for daily transits)

Results:

World

- **With the continual bombing of Iran by America and Israel along with counterattacks by Iran, the closing of the Strait of Hormuz, and Trump's continuing to insult and alienate America's allies, the world order is indeed changing.**
- **The actions of Israel and Trump have resulted in gas shortages and higher prices around the world.**
- **With Mars in Pisces until April 9, goals and planning surrounding the war in Iran continue to be nebulous.**
- **The ceasefire talks collapsed, America has imposed a blockade on Iranian ports, and Trump is mulling more air attacks.**

Summary:

America

- More than the world, America will feel **almost continual wounding, restrictions, and unrest throughout the lunar month.**
- Growth will be difficult, and **America will have to deal with frustrations or restrictions from other countries or people.**

Results:

America

- Trump's war with Iran and the economic consequences it's brought to America and the world have contributed to creating an environment that has been **continually tense** throughout the month.
- The closing of the Strait of Hormuz has resulted in **higher gas prices and inflation. Gas prices spiked on March 26** just as Saturn was moving from southern declination to northern declination.
- From March 26 through April 1, **the war with Iran intensified in response to hard aspects from Mars.**
- Barely an hour and a half before massive bombing was to begin on April 7, **the United State and Iran agree to a ceasefire.**
- **The ceasefire talks collapsed, America has imposed a blockade on Iranian ports, and Trump is mulling more air attacks.**

Summary:

Trump

- Trump will likely continue to experience **wounding to his reputation**, and some of the wounding he experiences may even be financial. (t. Chiron square n. Venus, t. Jupiter square n. Chiron)
- April 10-12 may be his best time followed by March 20-24, but the rest of the lunar month will be filled with **frequent tensions**. (see slide on daily transits)
- The time of the April 17 New Moon is a time that could be particularly dangerous for him, or he could be a danger to others.
- I'm anticipating actions this month that will benefit him financially, and that something will bring him more physical healing toward the end. (t. Pluto trine n. Neptune, t. Chiron/Sun/Moon trine n. Mars)

Results:

Trump

- Trump has experienced **continual criticism** this month as **his approval rating has continued to plummet.**
- **Several Democrats are now calling for Trump's impeachment or removal using the 25th Amendment of the Constitution.**
- With t. Pluto trine n. Neptune in Trump's 2nd House and with t. Saturn in Trump's 8th House opposite n. Neptune, **Trump has expressed his desire to sieze Iran's oil (other people's resources) and to jointly along with Iran charge ships a toll for going through the Stait of Hormuz.**
- **European allies are refusing or offering only limited support for Trump's war with Iran.**
- **Trump is severely criticized for posting a picture of him as Jesus.**

Summary:

Trump

- Trump's actions will be chaotic, spontaneous, unpredictable, and frequently flip-flopping throughout most of this lunar month due to transiting Uranus squaring natal Ascendant.
- Transiting Jupiter square natal Jupiter may result in many over the top actions and an inflated sense of power.
- A series of adverse aspects from Saturn and Mars can result in frequent periods of frustration and outbursts of anger.
- A sesquiquadrate from Pluto to the Lunar Nodal Axis could intensify Trump's desire for power.
- A trine from transiting Chiron to natal Mars will help Trump heal physically.
- Saturn trine natal Pluto in the second half of the month will help Trump consolidate his control and power.
