

THE LUNAR MONTH
AUGUST 4 – SEPTEMBER 2

REVIEW OF LAST LUNAR MONTH – JULY 5 TO AUGUST 4

As expected, the mid-month conjunction of Mars, Uranus, and the fixed star Algol turned everything upside down and, as financial astrologers expected, there was a sharp reversal in the stock market. This conjunction was exact on the day that the Republican National Convention began, but it was supported by some good aspects, and again as expected, the convention was marked by a lot of angry and revolutionary rhetoric that everyone was in lockstep with. The Mars/Jupiter/Algol conjunction was square Trump's natal Mars and Ascendant, and right before the convention there was an assassination attempt on his life. Also, Trump's chart in both June and July was marked by both good and bad transits from Chiron, and he got not only some physical and judicial wounding, but also some lifelines thrown to him in both arenas by the good aspects from Chiron. Meanwhile, on July 18th transiting Pluto was exactly square Joe Biden's natal Moon, and the day before he was diagnosed with Covid and shortly after he withdrew from the presidential race. It's been quite a month, and August will have its own fireworks for us to deal with.

OVERVIEW – AUGUST 4 TO SEPTEMBER 2

Among the more worrisome aspects in August are Jupiter sesquiquadrate Pluto, Jupiter square Saturn, Mars conjunct Jupiter, Mars sesquiquadrate Pluto, and Mars square Saturn. Jupiter in Gemini sesquiquadrate Pluto in Aquarius is a continuation of the 2020 conjunction of these planets, and we will see conflict between those with progressive ideas of growth and the current powers that be. Jupiter square Saturn will also be a continuation of their 2020 conjunction at the beginning of Aquarius, and this square will likely create tension between progressives and conservatives, between those who want to expand and those who want to contract. Interestingly, that square will be exact on the day of the full moon and the beginning of the Democratic National Convention, and there is a good chance that we will see battles between the Democratic left and right at that gathering. Mars conjunct Jupiter in Gemini could result in an expansion of violence while also energizing thought and invention with others. And finally, Mars in Gemini sesquiquadrate Pluto and square Saturn could result in either angry rhetoric or physical violence. Like I said, August will have its own fireworks for us to deal with. However, Pluto sextile Neptune continues and this is filling everyone with a yearning for a power that is compassionate. But with Neptune in the last degree of Pisces, the world is a little crazy.
