Summary:

World

- **This Lunar Month will be more intense than most due** to two eclipses and the Saturn/Neptune conjunction that will continue to change the world order.
- **The first half of the lunar month will see a lot of disruption due to hard aspects involving Uranus.** However, the second half of the lunar month will see Uranus forming more positive aspects that favor constructive creativity over breaking.
- With Chiron making a semisquare/sesquiquadrate to the Lunar Nodal Axis throughout the lunar month, **I expect a moderate amount of wounding to persist.**
- **Hard aspects involving Mars from the 1st Quarter Moon to the 3rd Quarter Moon could result in more aggressive actions around the world.** However, **with Mars in Pisces, things will not be clear,** and that may impede such actions.
- Jupiter in Cancer will be involved in trines throughout the month, and this can result in beneficial actions being taken for families and personal security.

Results:

World

- **Several countries and people have been directly impacted by hard aspects from Saturn/Neptune** since the beginning of the year including Venezuela, Renee Good, Alex Pretti, Don Lemon, Andrew Mountbatten-Windsor, Nancy Guthrie, Linsey Vonn, Robert Carridine, and Neil Sedaka.
- **The Epstein files/** (Saturn conjunct Neptune)
- Leaders at the Munich Security Conference agreed that **the Old World Order** no longer exists. (Saturn conjunct Neptune)
- **One day after Mars square Uranus and Chiron semisquare/sesquiquarate the Lunar Nodes, America and Israel attacked Iran** which, like Russia, has a long history of being impacted by Saturn/Neptune conjunctions. The Ayatollah Khamenei was killed. (Saturn conjunct Neptune; Uranus square Sun/Moon, Chiron in adverse aspect to the Lunar Nodes)

USA Libra NATAL CHART

Transit to Natal:

Summary:

America

- With progressed Sun square natal Mars all year long using the July 2, 1776, chart for America, it is expected that **America's aggressive tendencies will be unleashed** this year both at home and abroad. Also, this square will become exact in November shortly after the midterm elections. Thus, there is a heightened risk of violence around that time.
- With the Lunar Nodal Axis squaring natal Uranus throughout the lunar month, **people are going to be feeling quite revolutionary.**
- And with Saturn and Neptune squaring natal Venus, **people will be facing new philosophies and ideologies that conflict with their values.**
- **There is an increased potential for aggression or violence this month, and people may be wounded both physically and economically.**
- **A trine from Uranus to Pluto, however, could result in an opening of people's minds, organized protests, and efforts to return power to the people.**

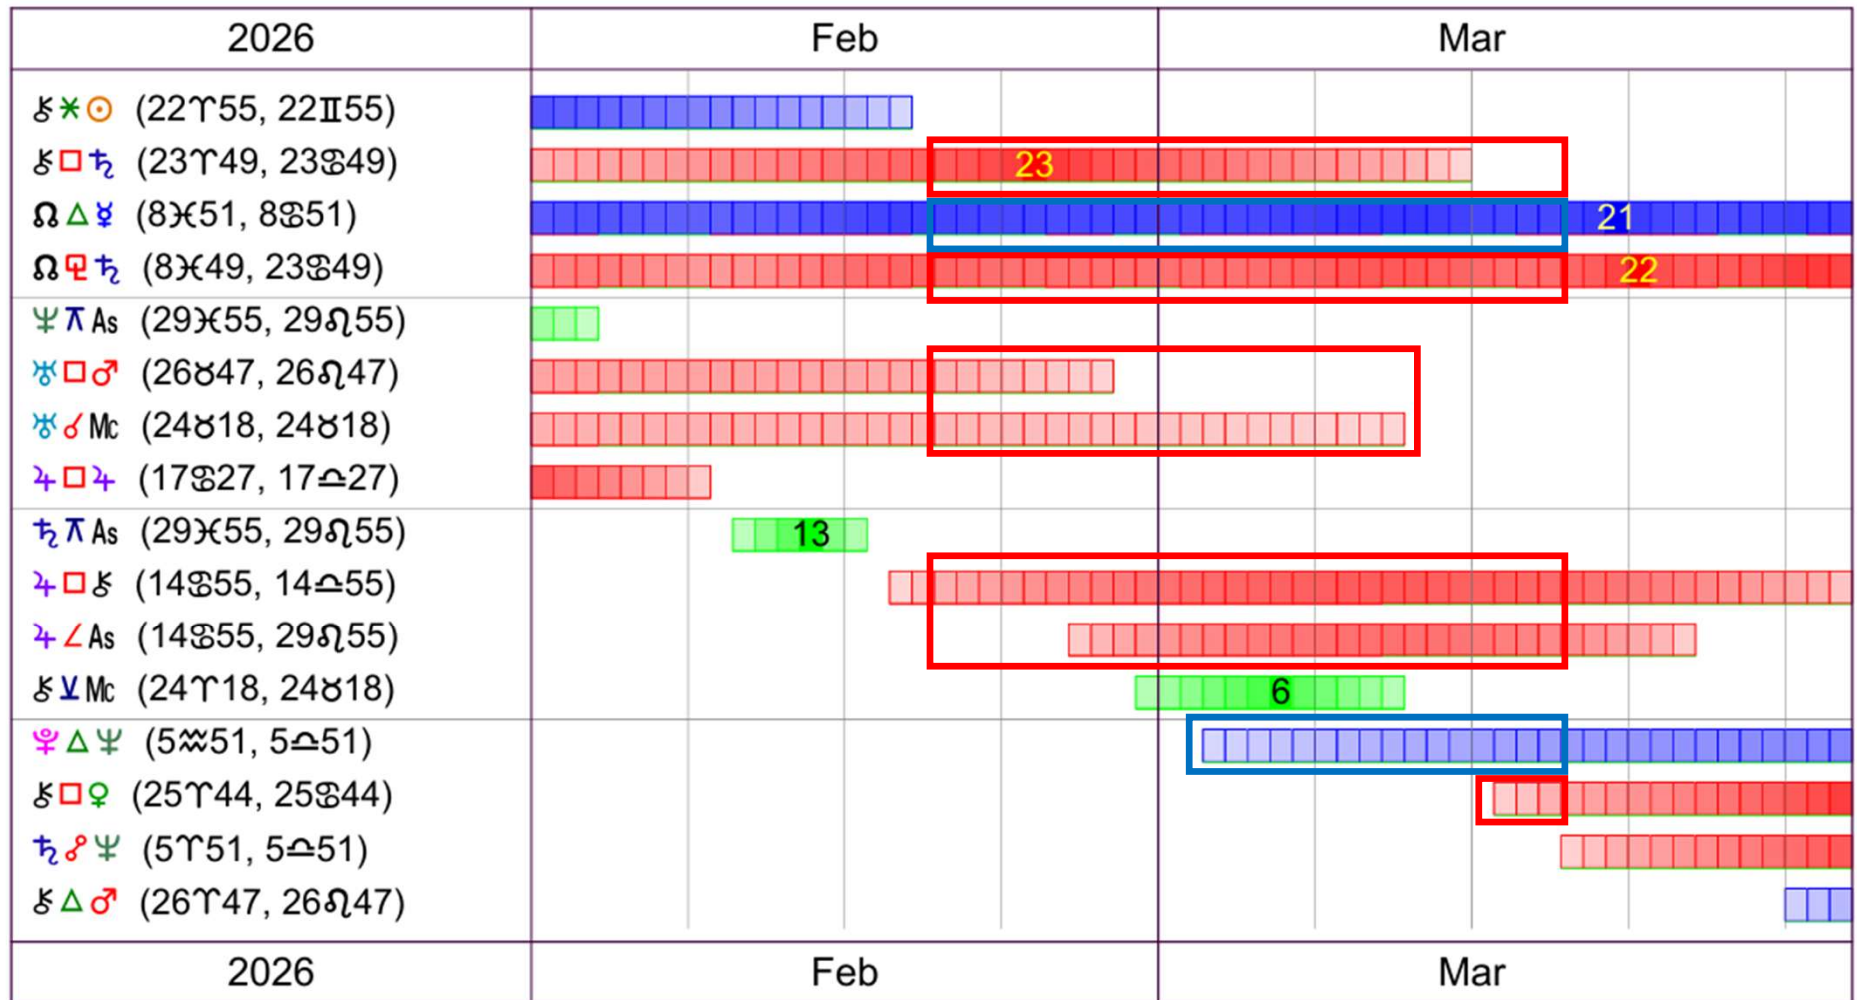

Results:

America

- **The Supreme Court rules Trump's tariffs illegal, and in response Trump uses another law to place 10% tariffs across the board which he raises to 15% the following day.** (Uranus square Sun/Moon)
- **The Epstein files.** (Saturn conjunct Neptune)
- **Trump starts a war with Iran.** (Saturn conjunct Neptune, Uranus square Sun/Moon, t. Pluto sesquiquadrate n. Mars, t. Lunar Nodal Ais square n. Uranus)
- **The reasons for America's war with Iran keep changing** from they failed to complete a negotiation over enriching Uranium to Israel was going to attack and so this was a preemptive strike to lessen their ability to retaliate against us. (Mars enters Pisces)

Donald Trump NATAL CHART

Transit to Natal:

Summary:

Trump

- With transiting Chiron square natal Saturn and transiting Jupiter square natal Chiron, **Trump is likely to experience some sort of wounding to either his approval rating, health, finances, or control over others.**
- **The Saturn/Neptune conjunction takes place on the cusp of his 8th House,** and given his age, the likelihood of death or other type of transformation this year also increases. However, a grab for other people's resources may be even more likely. He may have to bend to the collective will of other people's values.
- **Transits to and from Mars in the first half of the lunar month will likely increase his anger and his actions.** Also, transiting Uranus square natal Mars will continue to make his actions chaotic in the first half of the lunar month.
- The trine from transiting Pluto to his natal 2nd House Neptune that occurs towards the end of the lunar month could result in spontaneous enlightenment, but it is far more **likely that he will hatch some new scheme to make himself both richer and more powerful. His charisma will also benefit.**

Results:

Trump

- **Around 58% of Americans now disapprove of Trump.** T. (Chiron square n. Saturn, t. Saturn semisquare/sesquiquadrate n. Lunar Nodal Axis, t. Jupiter square n. Chiron)
- **Trump is mentioned thousands of times in the Epstein files** even though only half of them have been released. (Chiron square n. Saturn, t. Saturn semisquare/sesquiquadrate n. Lunar Nodal Axis, t. Jupiter square n. Chiron)
- **Trump starts a war with Iran but can't consistently explain why.** (t. Uranus square n. Mars, Mars enters Pisces)
- On February 19, **Trump announces he is transferring \$10 billion from the US government to his "Board of Peace"** which he chairs. (t. Pluto trine n. Neptune, Saturn conjunct Neptune in Trump's 8th House)
- On February 28, **Trump began a war with Iran that is causing much death and destruction of their resources.** (**Saturn conjunct Neptune in Trump's 8th House**)

Results:

Trump

- Here is some interesting information from ChatGPT. There's no proof that Trump or members of his family profited from placing bets on when the war with Iran would start, but it sure looks like someone had insider information (Pluto trine Neptune)

On prediction market platforms like Polymarket, six newly created accounts made significant profits by correctly wagering that the U.S. and Israeli militaries would strike Iran by February 28, 2026 — the day military action began. These accounts collectively earned roughly \$1–1.2 million from those bets. Analysts described these accounts as “suspected insiders” due to the timing, size and structure of the bets (accounts funded shortly before the strike and with little prior history). Reports note that Donald Trump Jr. is involved as an investor and advisory board member in prediction market firms like Polymarket and Kalshi (platforms where these Iran-related bets occurred).

Summary:

World

- This lunar month continues with Saturn conjunct Neptune, and the world will continue to move toward a New World Order. (Saturn conjunct Neptune)
- For the first couple of weeks, though, beneficial aspects from Mars and Saturn will help things progress more smoothly, (Mars trine Jupiter, Saturn sextile Pluto)
- However, as Mars moves into conjunction with Saturn and Neptune in the last week of the lunar month, force may be used to implement change. (Mars conjunct Saturn/Neptune)
- Frequent tense aspects sprinkled throughout the month coupled with Saturn crossing the celestial equator will create almost continual unrest and alertness. (Saturn moves from southern to northern declination, see also the slide for daily transits)

Summary:

Trump

- Trump will likely continue to experience wounding to his reputation, and some of the wounding he experiences may even be financial. (t. Chiron square n. Venus, t. Jupiter square n. Chiron)
- April 10-12 may be his best time followed by March 20-24, but the rest of the lunar month will be filled with frequent tensions. (see slide on daily transits)
- The time of the April 17 New Moon is a time that could be particularly dangerous for him, or he could be a danger to others.
- I'm anticipating actions this month that will benefit him financially, and that something will bring him more physical healing toward the end. (t. Pluto trine n. Neptune, t. Chiron/Sun/Moon trine n. Mars)
