

President Biden has an accurate birth time (Rodden Rating of A), and I sometimes think that this should be a requirement for going into politics! I'm always a little frustrated when a politician doesn't know when they were born.

I'm keeping an eye on t. Uranus opposition n. Mars in March and April. Nonetheless, Biden is mature, and, thus, I find his response to transits less predictable than that of his predecessor. Mature souls can create their own destiny.

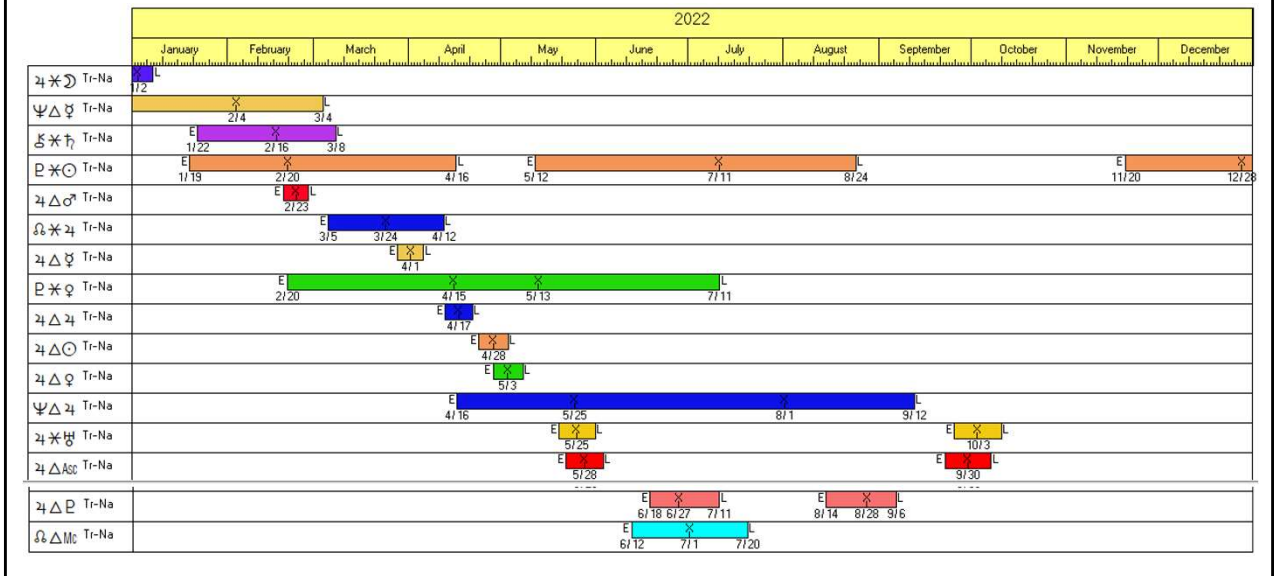

2022

Mars is conjunct the cusp of President Biden's 12<sup>th</sup> house, and the 12<sup>th</sup> house can signify either hidden enemies or self-undoing along with other things. And since Uranus is involved, keep an eye out for sudden and maybe unexpected developments during this period.

And here are the softer transits for President Biden for this year.

2022

I am pleased to see that transiting Pluto will be supporting President Biden's Sun and Venus throughout much of the year, and, of course, transiting Neptune trine Jupiter will also be very beneficial.
